Stop the Spread of Germs

When you have a sneeze or cough, you can help prevent others from getting sick.

1. Cover your mouth and nose with a tissue when you cough or sneeze
   OR
cough or sneeze into your upper sleeve, not your hands.
2. Put your used tissue in a waste basket.
3. In a clinic waiting room, you may be asked to wear a mask to protect others.
4. Clean your hands after coughing or sneezing. Wash them or sanitize them.
